COMMITTEE MINUTES

The school has not yet received rubric feedback from the Minnesota Department of Education on Athlos Leadership Academy's most recent annual World's Best Workforce Report. With that, the committee was unable review MDE's feedback at today's meeting in order to take that into consideration when looking toward planning for Athlos Leadership Academy's 2021-2022 World's Best Workforce Plan. Due to the Covid-19 pandemic, assessment data has been impacted and is not as readily available for goal planning purposes. Therefore, at today's meeting, Jennifer Geraghty presented information on programmatic goals for next year in response to Covid-19 impacts on learning. As well, committee members shared their questions for response and discussion. Information was shared on use of CARES funding, success and planning for student technology, goals for the EL program and RtI program, and school staffing goals to meet the needs of students in response to impacts of the pandemic.
