FINANCE MINUTES

Since it is July, there is not a lot of finance activity. Revenues are currently at 7% and expenditures are currently at 4%.

Covid-based funding streams available to the school this year are well over 2 million with varying expiration dates into 2024.

Discussion regarding additional funding for Extended Day/Summer School funding moving forward from MDE. Currently the school receives Pathways I & II funding in scholarships for families.

The fiscal year 2022 financial statements will have a slightly different look. There has been an addition of a dashboard and an enrollment summary.
